DETAILED ACTION

This Office action is in response to the election filed June 2, 2005.

1. Claims 27-30 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on June 2, 2005.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 16-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Step (b) is indefinite and confusing as to the phrase “depositing a film of said bistable molecule(s) including said photosensitive group prior to said depositing”. The last phrase “...prior to said depositing” is confusing in its relations to initial depositing step.

The claimed invention is indefinite with respect to step (d) wherein the step forms a “photopatterned molecule”. Here it is unclear if there is a single molecule in the photopatterned area or is the area a photopattern layer having many of the molecules connected. Clarification is necessary.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. ZHANG et al 2002/0075557 A1, 2002/0176276A1, 2002/0114557 A1, 2004/0066677 A1, 2004/0227605 A1 are each to the published application having a common

inventor and to the same assignee. These references are not used in an obviousness-type double patenting rejection because the claimed molecular compound fails to recite a photosensitive functional group as claimed in the current application.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Chu whose telephone number is (571) 272-1329. The examiner can normally be reached on Monday - Friday from 9:30 am to 6:00 pm.
